Our story

Seven decades of global insight to redefine the industry's offering

We've been providing office products, with a point of difference, for nearly 70 years. Listening and adapting to consumer demands. Our rapidly growing stationery ranges offer something a little different and are relied upon by tens of millions of people worldwide, everyday.

1957

1970

1980

1990

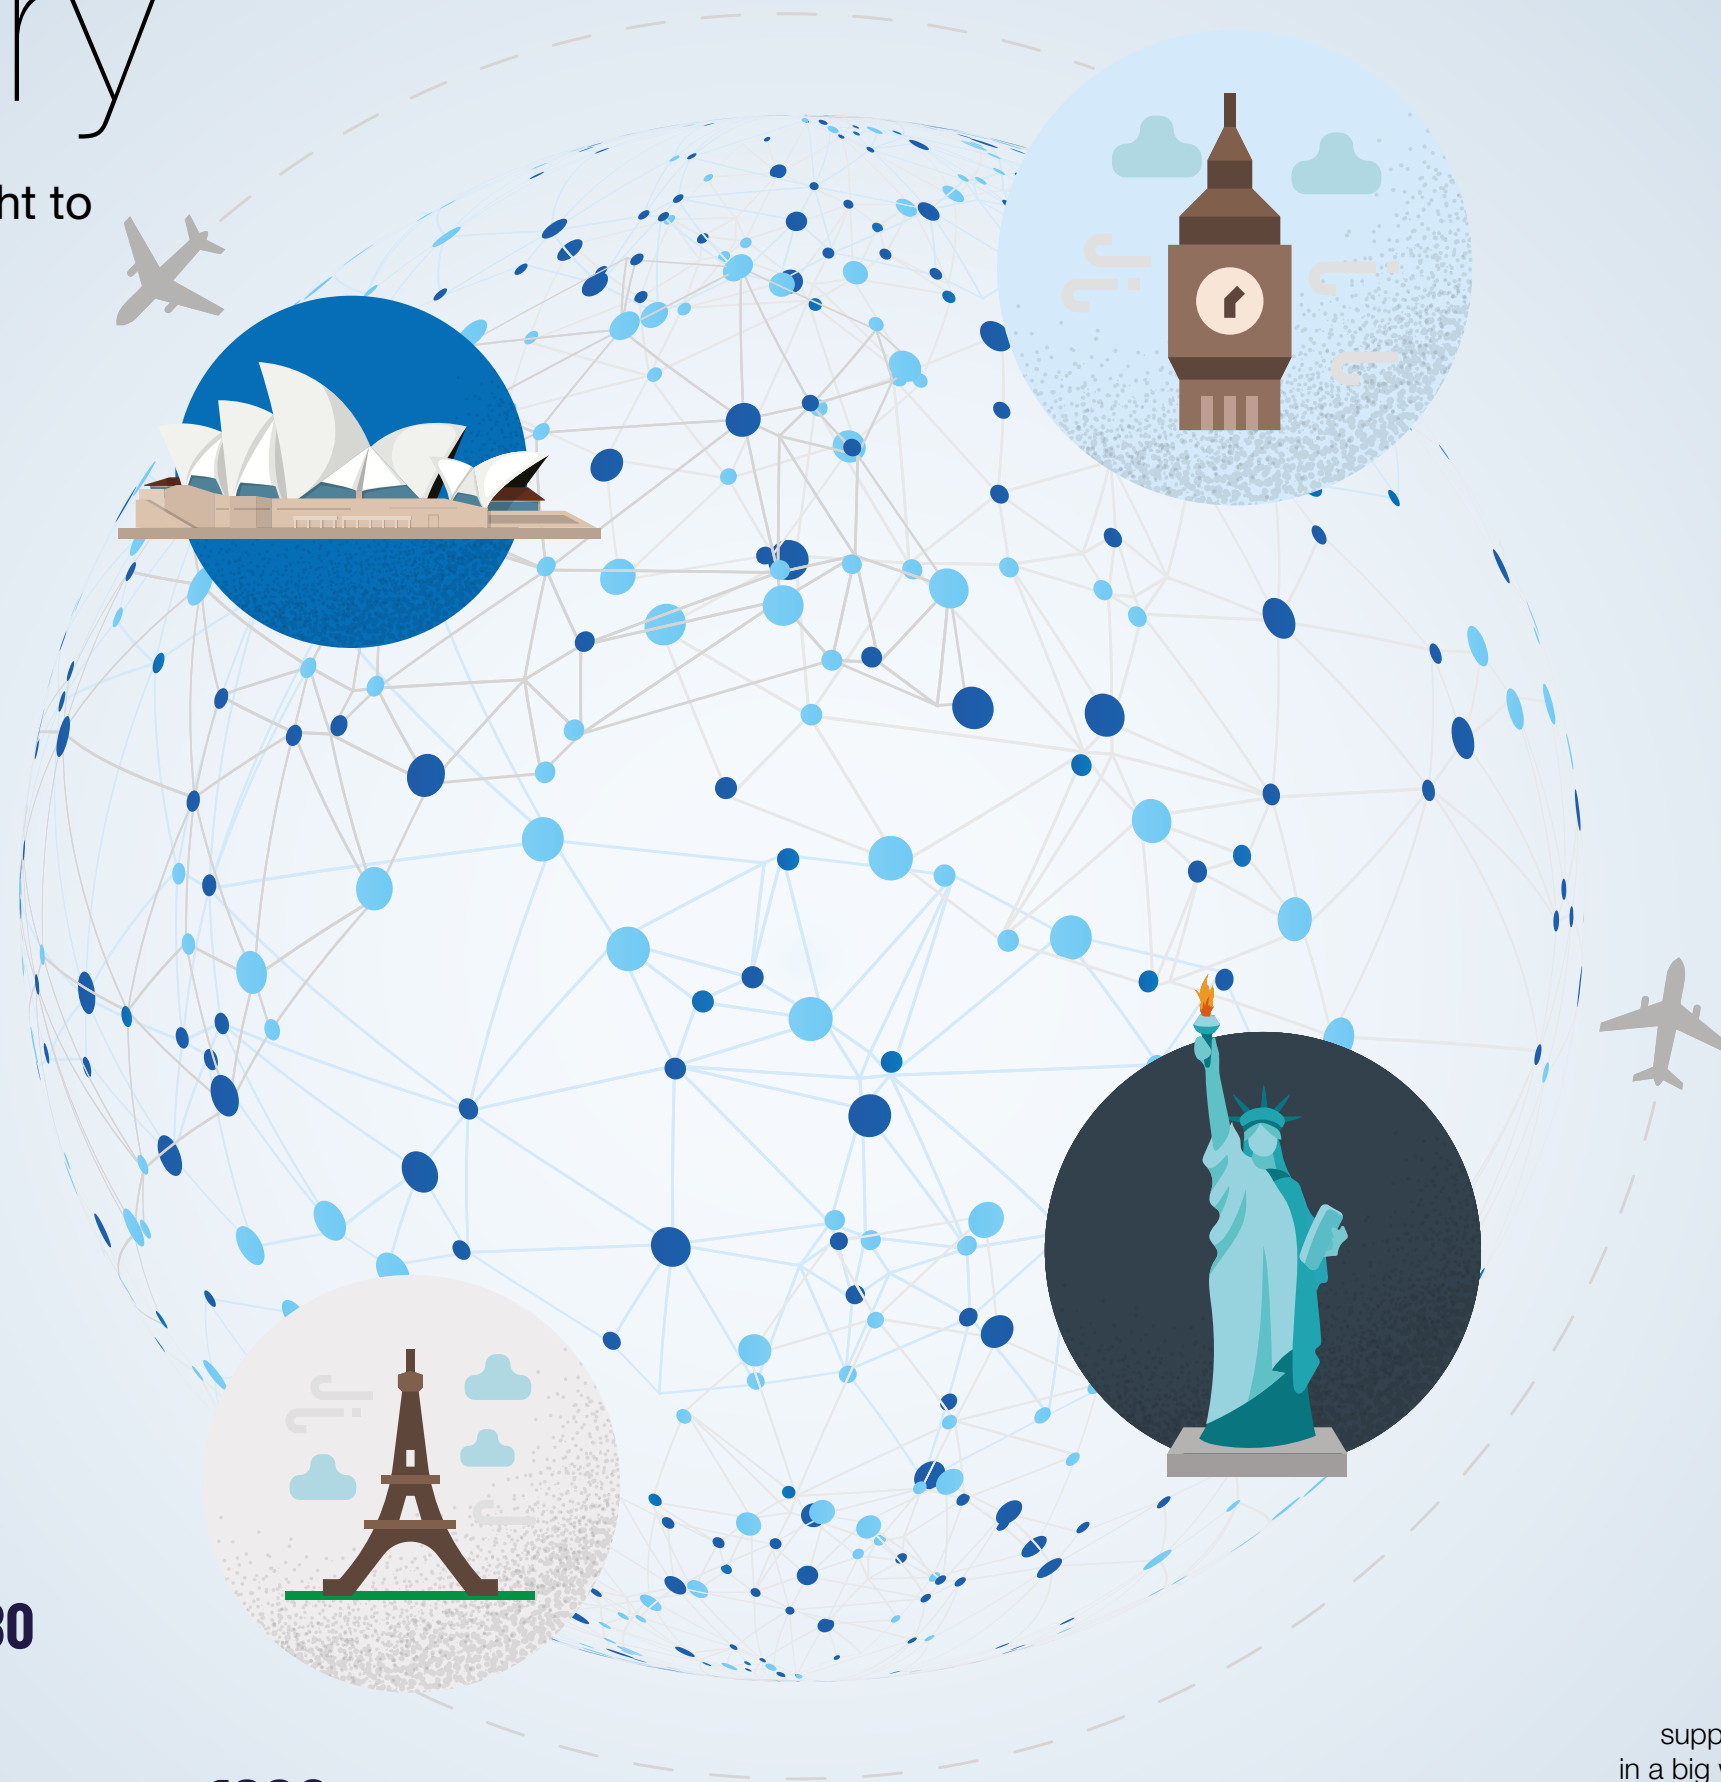

2030

2020

2010

2000

Our global distribution and market leading position makes us, probably, the fastest growing office supplies brand in Europe. We are also investing in a big way for the long-term, in our talented team and smart logistics to meet the growing international demand.

Our journey for a greener tomorrow

20+ years of sustainability

Sustainability isn't new to us. After 20 years of responsible thinking, we're more committed than ever to sustainable innovation. In fact, it's our mission to be one of Europe's most sustainable office products suppliers – and we're making meaningful strides on our journey, everyday.

At the beginning of every product design, we prioritise strength and longevity. Our commitment to responsible innovation led us to transform our best-selling ranges into ECO versions, whilst maintaining the same premium quality and design you've come to love and expect from Rapesco. Time and focus have been given to the materials we use – replacing traditional coatings with more eco-friendly alternatives, such as galvanising in place of copper and nickel in place of chrome – without ever compromising on durability or performance.

Products are designed for easy disassembly. Unlike welded or pressed alternatives, our tackers for example, can be taken apart, repaired, and responsibly recycled.

Our packaging is also thoughtfully created – never oversized, never overcomplicated. We put environmental responsibility ahead of marketing desires, ensuring that every element is easy to recycle and carefully considered to minimise waste and maximise sustainability. We're also stripping out single-use plastic, replacing with paper wherever possible, without compromising on protection.

Our worldwide customers rightly expect us to make every aspect of our product vision, development, and manufacturing processes as energy-efficient and environmentally responsible as possible – a mission we're proud to embrace.

And we're not stopping there...

We're certified to the Global Recycled Standard (GRS). This means our entire supply chain, from sourcing to production, meets the highest standards for recycled content, environmental responsibility, and social accountability. We've rolled out a host of GRS-certified products, with many more to come.

This isn't just about ticking a box; it's about raising the standard.

Our charity partner MCS

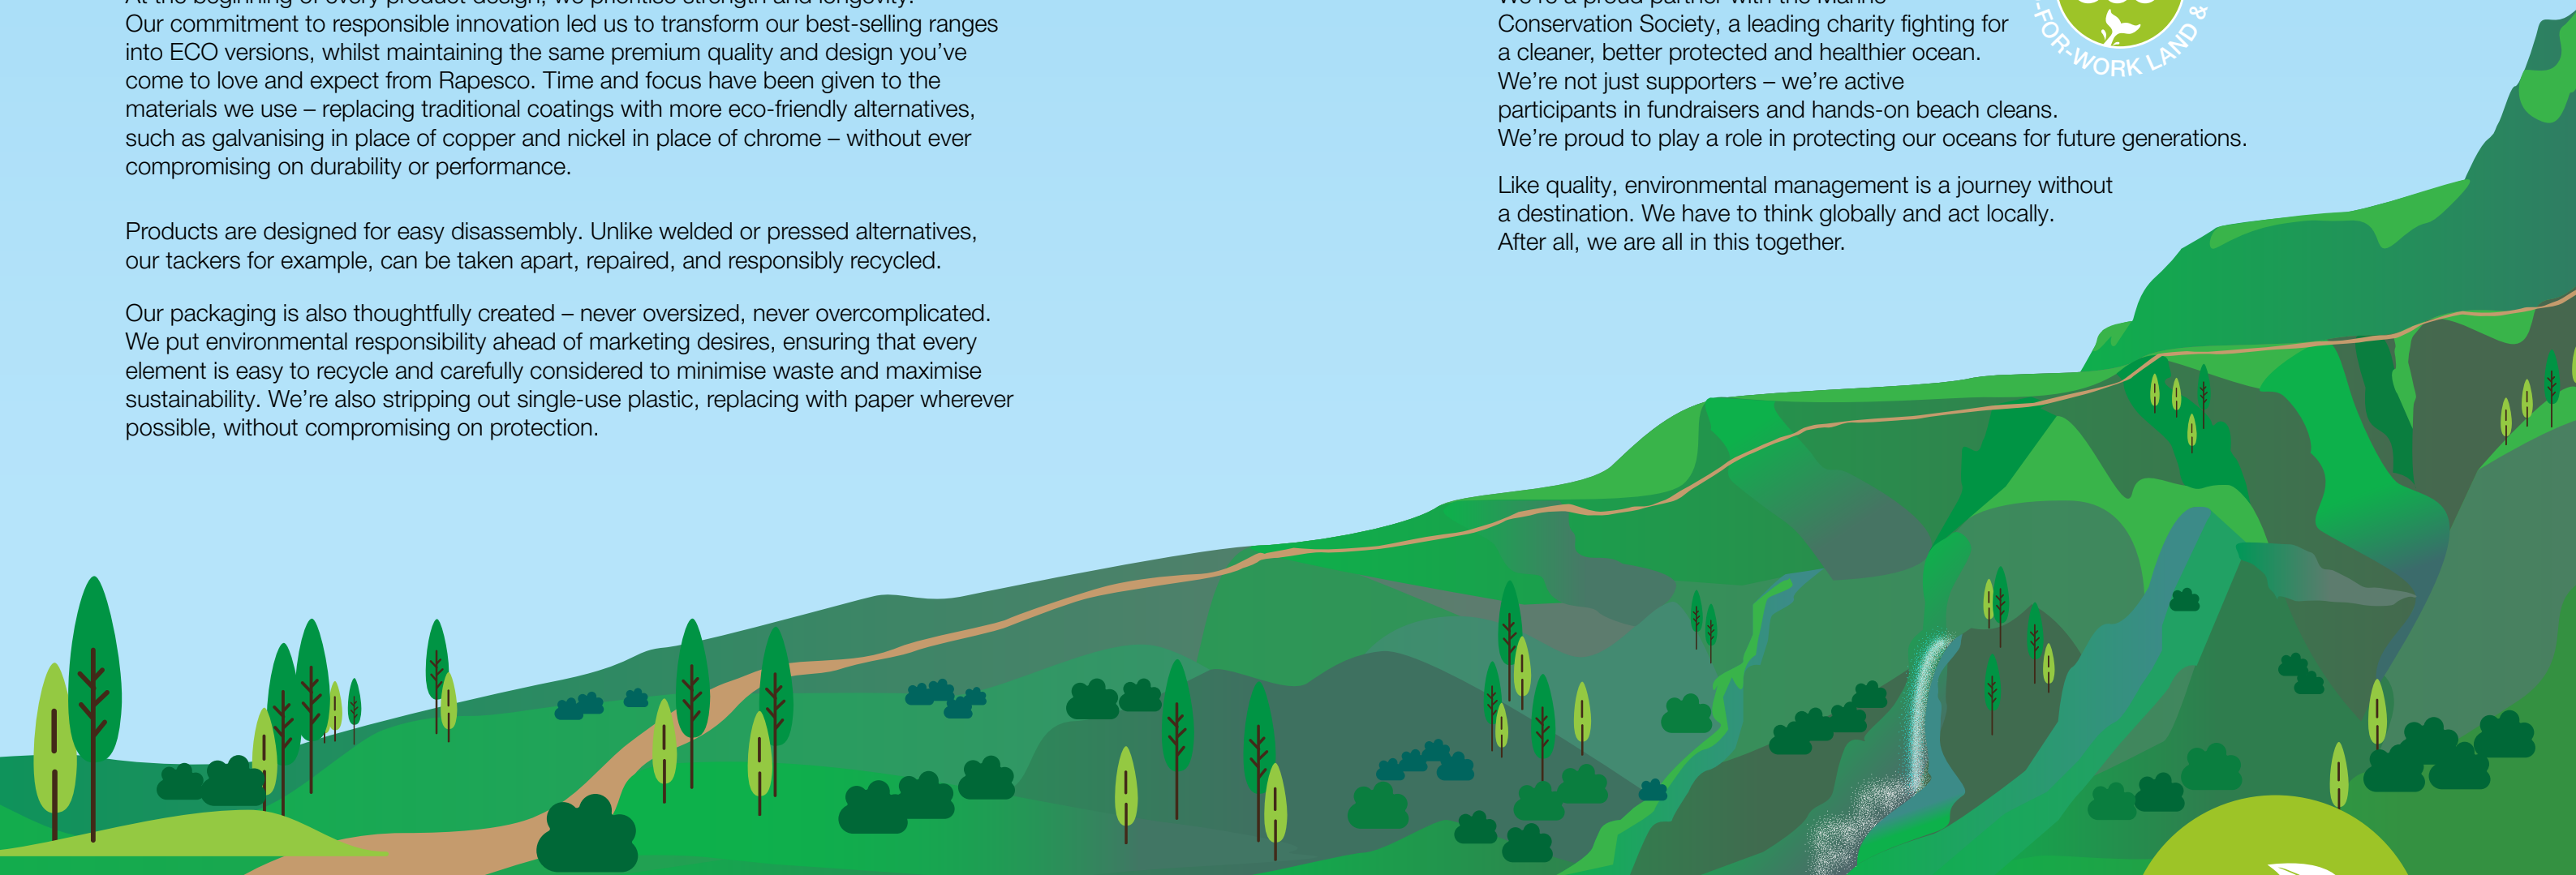

We're a proud partner with the Marine Conservation Society, a leading charity fighting for a cleaner, better protected and healthier ocean.

We're not just supporters – we're active participants in fundraisers and hands-on beach cleans.

We're proud to play a role in protecting our oceans for future generations.

Like quality, environmental management is a journey without a destination. We have to think globally and act locally. After all, we are all in this together.

32 **NEW** new products

We are delighted to begin 2026 with 32 new products. Our product focus very much being on bringing you products with strong eco credentials, including an exciting range of GRS SKUs which are fully certified throughout the supply chain.

Popper Wallets

6 new items

Our ever popular popper wallets are now available as GRS versions.

Filing

2 new items

A new pack of ring binders A4 in size with 4-rings made from antibacterial material. As well as A4+ Zippi Bag with plastic zip.

Tapes

2 new items

2 large packs of clear tape for our popular 300 and 500 tape dispensers.

Document Wallets

4 new items

Our GRS journey starts with cut flush files, punched pockets, report files and clip files.

Expanding File

1 new item

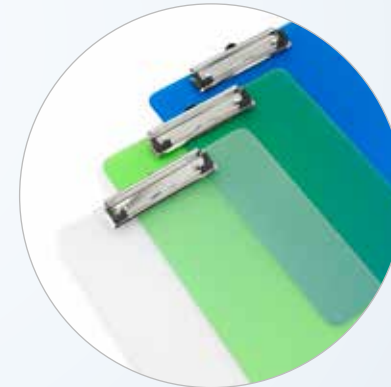

An eco recycled expanding file, a great product now available as a twin pack.

Clipboards

5 new items

Our new clipboards include gloss transparent in multiple colours. And a new sturdy hardboard version too.

Packing Tape Dispensers

1 new item

The 960 tape dispenser with antibacterial handle supplied with 1 roll of clear packing tape.

Ring Binders

2 new items

2 new packs of eco recycled ring binders, A4 size with 2-rings – 1 pack assorted colours the other black.

Stapling & Punching

6 new items

Eco half strip stapler made from recycled plastic. Plus GRS upgrades to other bestsellers coming soon.

GRS Coming soon

Stapling

2 new items

Porpoise ONE plier with 1000 24/8mm staples. Plus a new 4-in-1 Compact, all-steel hand tacker.

Laptop Sleeve

1 new item

Our new sleeve for laptops up to 17.3 inches, made from antibacterial material. An extension to this unique and best-selling laptop storage series.

Easy-to-use, rechargeable, cordless screwdriver...

The 3.6V Cordless Screwdriver from Rapesco is a compact, handy tool featuring our special Germ-Savvy® antibacterial agent, which offers protection against bacteria. Boasting a rotation direction switch for both loosening and tightening screws, a magnetic bit holder to keep screw bits securely in place, and a rotation lock which prevents the tool from activating when not in use, this practical cordless screwdriver is designed with safety in mind. Also features LED lights to indicate the driving direction and illuminate the work area. This cordless screwdriver is conveniently supplied in a neoprene storage bag with 9 popular screw bits, a magnetic extension bit adaptor and a USB charging cable for the integrated 3.6V lithium-ion battery.

Germ-Savvy® Cordless Screwdriver

Compact, cordless electric USB screwdriver

Germ-Savvy®

What is it?

Relentlessly searching for new standards of performance, we've invested in advanced technology to create a range of germ-repellent products to help improve hygiene wherever you are working.

Our Germ-Savvy® antimicrobial agent is added to the external plastic parts during manufacture to provide protection for the lifetime of the product.

So, why is Germ-Savvy® such a game-changer?

It kills up to 99% of bacteria.

Added to much of our ECO range, Germ-Savvy® is both sustainable and combats germs.

It's ISO certified, making it highly credible.

More than 80 products from our best-selling office ranges have been upgraded to Germ-Savvy® and with no price premium.
